Your Insurance Risk Score

Do you give Hollard permission to check your insurance risk score? Please select

If YES, we may do this check every year when your policy renews, every time the cover on your policy changes and also when you claim. The reason we check your insurance risk score with credit agencies, is to accurately price your policy and assess our risk. It is not the same score as a credit score which a lender would typically be interested in, and checking your insurance risk score will not affect your credit score.
